

MAINTENANCE: RED LIGHTS

Part No	Name
040820218	Permaquip OEM Red Light

The **Permaquip Red Light (040820218)** is the **only PA-approved** light to be used on **Permaquip** trolleys.

For use on the **Permaquip: Link Trolley, Type A Trolley, Type B Trolley, Ironman, Type B Towing Trailer, Scaffold Trolley, Rail Jacking Trolley.**

Network Rail states that all rail trolleys should be fitted with working red lights. These lights should be maintained and used whenever a trolley or other similar equipment is used on the track.

Why equipment servicing and maintenance using OEM parts is essential

- ✓ Maximise safety
- ✓ Retain product certification
- ✓ Optimise product lifespan
